

Newcastle Morning Herald Cuttings and Indexes Created for NFHS by The Snippers

Trawling through newspapers for snippets is time-consuming, often unproductive, and do you really know what you are looking for? Did your great-grandfather shine in sporting events, what was grandma's wedding dress like, how would you know Uncle Fred was injured, but not killed, in a coal fall? Is there some hush-hush about a divorce in the remote past? Any number of things? How would you ever find out? By using the Snippers'* Indexes in the Society Library, that's how (and they are exclusive to our Society).

The books listed below are fully indexed, unlike many other such indexes the cuttings have been brought together by subject and are there for you to see - no need to go ferreting for the newspaper in another library. DO HAVE A LOOK AT (*and, of course, the Snippers are still at it !)

SHELF LOCATIONS

All the books produced from local newspapers by the Snippers have been given new call numbers beginning with NLP and ending with the year of the newspaper articles in each volume. Now arranged as a special collection, these useful books have been made more accessible by these changes.
